

"The run time between Sector 51 Metro station (having highest ridership) and Pari Chowk Metro Station (having second-highest ridership), which is presently 37 minutes, will also become 28 minutes 30 seconds with the skipping of stations," she added.

Frequency of trains to remain 7.5 minutes

On weekdays, the trains will run as usual without skipping any stations and operate at intervals of 15 minutes. Maheshwari said the frequency of trains from Monday to Friday will remain the same i.e., 7.5 minutes during peak hours and 10 minutes in non-peak hours.

In order to reduce travel time of Aqua Line commuters, Noida Metro Rail Corporation (NMRC) has decided to introduce 'Fast Trains'. These trains will skip the stations having low ridership during peak hours. The plan will be implemented soon: NMRC

NMRC "FAST TRAINS" TO SKIP 10 STATIONS ON AQUA LINE DURING PEAK HOURS: REDUCE TRAVEL TIME BY 9 MINUTES

In order to reduce the travel time of Aqua Line commuters, Noida Metro Rail Corporation (NMRC) has decided to introduce "Fast Trains". These Fast Trains will skip the stations having low ridership during peak hours. NMRC will be implementing this soon in February 2021.

Metro train services starting from terminal stations (Sector 51 Station and Depot Station) between 8 AM to 11 AM and 5 PM to 8 PM on weekdays i.e., Monday to Friday will be "Fast Trains".

Out of a total of 21 stations on the Aqua Line, 10 stations will be skipped by these "Fast Trains" during peak hours. **The stations which will be skipped are: Sector - 50, Sector - 101, Sector - 81, Sector - 83, Sector - 143, Sector - 144, Sector - 145, Sector - 146, Sector - 147 and Sector 148 Metro Stations.**

The average run time of the Aqua Line from Sector 51 Metro Station in Noida to Depot Station in Greater Noida and vice versa is 45 minutes 43 seconds, which will be reduced to 36 minutes 40 seconds, thereby saving around 9 minutes of travel time for the Aqua Line commuters.
