

Demand for bridge linking Metro stations

Noida: Citing the hardships faced by commuters, senior citizens have demanded that a bridge be built to link Sector 51 station of Noida Metro's Aqua Line with the nearby Blue Line of the Delhi Metro. At present, commuters have to exit at Sector 51 station and walk nearly 200 metres on an under-construction road to take the Blue Line at Sector 52 station, said a resident of Sector 137.
