**Greater Noida (Urban Transport News):** It is good news for the residents of Greater Noida area that the Greater Noida Industrial Development Authority (GNIDA) is planning to propose linking of two new Metro links to connect Greater Noida with the Delhi. This plan is intended to ensure a smooth ride for commuters and to enhance connectivity with the metro rail system.

Under this plan, the authority is preparing a proposal to extend the Delhi Metro's Blue Line from Noida City Centre into a loop, covering various parts of Noida and Greater Noida. The loop line is proposed to be linked with Magenta Line by a 16.5-km stretch connecting Sector-143 and Kalindi Kunj and Okhla Bird Sanctuary stations.

If these plans become successful than the commuters will be able to connect through Magenta line to Kalindi Kunj and Blue line to Mayur Vihar area.
