The Noida Metro Rail Corporation (NMRC) has decided to introduce 'Fast Trains' that will skip the stations having low ridership during peak hours on the weekends. NMRC Managing Director Ritu Maheshwari informed that the plan will come into action from this month.

According to a statement issued by NMRC, out of 21 stations on Aqua Line, 10 stations will be skipped by these 'Fast Trains' during peak hours. The station which will be skipped are Sector 50, Sector 101, Sector 81, Sector 83, Sector 143, Sector 144, Sector 145, Sector 146, Sector 147 and Sector 148 Metro Stations.

“The average run time of the Aqua Line from Sector 51 Metro Station in Noida to Depot Station in Greater Noida and vice versa is 45 minutes 43 seconds (one way), which will be reduced to 36 minutes 40 seconds, thereby saving around 9 minutes of travel time for the Aqua Line commuters,” said NMRC chief.
