NMRC INTRODUCES POWER BANK FACILITY AT ALL STATIONS

In a move to enhance passenger convenience, Noida Metro Rail Corporation (NMRC) is set to launch a Power Bank facility across all stations of the Noida Metro network. The service, which will be available starting today (i.e. 23rd October, 2024), aims to provide commuters with an easy and efficient solution to charge their electronic devices while on the go.

The facility was officially inaugurated by Dr. Lokesh M., Managing Director of NMRC, in a ceremony held today at Sector-51 Metro Station.

This facility will be provided by A3 Charge is a Delhi NCR based company that provides on-the-go charge service. Users can charge their phones on the move through our portable power banks. This aims to provide flexible & accessible Power Bank rental services.

The A3 Charge services are available at a very reasonable subscription fee starting from Rs. 50/-. Following plans are available Pay as you go –

- 2(Two) days validity with 1 swaps plan amount Rs. 50/-.
- Weekly plan - 7 days validity with 5 swaps plan amount Rs. 99/-.
- Monthly plan - 30 days validity with 30 swaps plan amount Rs.199/-.
- Pro plan - 1 year validity with 900 swaps plan amount Rs.999 /-.

Users have to simply download the app, scan the QR code at the A3 charge machines. Choose the plan and they are ready to use the Power Banks Services "**on the go**". To achieve the aim of providing convenience to the general public, A3 Charge along with Noida Metro has installed the 03 (Three) A3 charge machines at all 21 Metro stations of NMRC. People can use the service while travelling and charge their devices on the go.
